

RAVEENDRA KUCHU

Backend Developer | Node.js & Java

kuchuravindra16329@gmail.com • github.com/Ravi16329 • [LinkedIn](#) • India

OBJECTIVE

Backend-focused developer skilled in Node.js, JavaScript, and Java, with hands-on experience building full-stack web applications, RESTful systems, and database-driven platforms. Seeking a Backend Developer role to apply strong fundamentals in web development and problem-solving to build scalable, real-world software.

TECHNICAL SKILLS

Languages: Java, JavaScript

Backend: Node.js, REST API Development, Server-side Logic

Frontend: HTML5, CSS3, JavaScript (DOM, Animations, Responsive UI)

Other: Git & GitHub, Firebase, Problem Solving, Web Application Architecture, Google Cloud

EXPERIENCE

[To be added — share your internship / work details and I will fill this section in.]

PROJECTS

Diwali Crackers: Interactive Diwali-themed celebration website featuring animations and a fully responsive UI. (HTML, CSS, JavaScript)

Food Surplus Distribution System: Platform connecting donors, receivers, and delivery agents to reduce food waste. (HTML, Firebase, Node.js)

3D Animation Practice: Collection of 3D web animations and visual experiments using modern CSS/JS techniques. (HTML, CSS, JavaScript)

English Teacher (Web App): Interactive web app to help users learn and practice English fundamentals. (HTML, CSS, JavaScript)

ToDo List: Task management application with a clean UI, smooth animations, and persistent task tracking. (JavaScript, HTML, CSS)

Rolling Profile: Animated rolling-style personal profile page with scroll-based section transitions. (HTML, CSS, JavaScript)

VIT-AP CGPA & Attendance Calculator: Utility tool for students to calculate CGPA and track attendance percentage. (HTML, JavaScript)

Developer Portfolio (MyProfile): Personal developer portfolio website with custom section animations and GSAP transitions. (HTML, CSS, GSAP, JavaScript)

Education Platform: Web platform concept for organizing and delivering educational content to students. (HTML, CSS, JavaScript, Node.js)

Restaurant Page: Responsive restaurant landing page showcasing menu, branding, and contact sections. (HTML, CSS, JavaScript)

Banking System: Simulated banking system application handling core account and transaction operations. (Java)

EDUCATION

M.Tech, Computer Science & Engineering

2023 – 2028

Your University Name, Hyderabad, India • CGPA: 9.3 / 10

ACHIEVEMENTS

- Scored 89 percentile in JEE Mains (national-level engineering entrance exam).
- Secured a top-tier rank in EAMCET (state-level engineering entrance exam).
- Scored 985/1000 in Intermediate (MPC) and 420/500 in 10th CBSE board examinations.
- Maintaining a CGPA of 9.3/10 throughout M.Tech.
